Can miracles stand up to the test of science?

- Exclusive film footage of a stigmatist who bleeds from her hands, feet, and head. Are these the wounds of Christ? *What does science have to say?*
- A consecrated Communion Host becomes living flesh and blood. Is it heart tissue? *What does science have to say?*
- A scientist (former atheist), an attorney and a famous TV Journalist witness statue of Jesus weeping real tears and shedding real blood. Are these claims true? *What does science have to say?*

St. Francis Xavier is hosting an **EVENT** for everyone in the area. If you have an "I will believe it when I see it" attitude, don't miss this event!

"Put it this way - this is either the biggest hoax of the 20th Century, in which case it would have to be a fairly huge conspiracy, or the most important moment of the century, if not the whole millennium."

St. Francis Xavier students and staff had a great Red Ribbon Week! Students celebrated being drug free throughout the week with different themed days! A big thank you to Jefferson City Police Chief Eric Wilde for coming out during RRW to read us a story and talk to us about being drug free and bully free!

A couple of weeks ago our student council hosted a trail mix sale at. Students brought in money to make their own bag of trail mix from a variety of different snacks provided by the student council members. The final total of the sale was just over \$500! These proceeds will be going to help support two families that the student council is adopting this Christmas.

Last week our students in grades PreK, K, and 1 went on a field trip to Fischer Farms. The weather ended up holding off long enough for them to enjoy the morning playing in the corn, picking pumpkins, and doing all sorts of other fun activities. Thank you to our teachers for planning such a fun day. Thank you to all of the parents who took time out of their schedules to come hang out with the kids for a few hours. I know the kids thoroughly enjoyed it!
