CHALLENGE GOAL
\$1,350,000

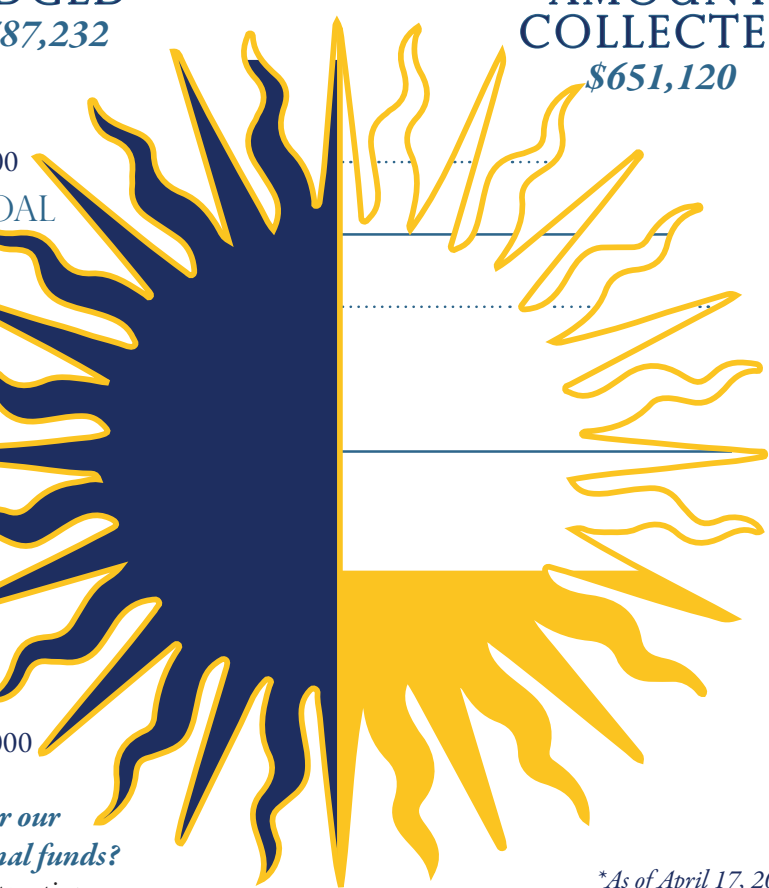

\$1,200,000

CELEBRATION GOAL
\$900,000

\$600,000

\$300,000

\$1,500,000

**As of April 17, 2024*

FREQUENTLY ASKED QUESTIONS

If we raise over the amount needed (\$1.8 million) for our current projects, what will be done with the additional funds?

We all know that unforeseen issues often arise during construction projects, so it would be very nice to have a cushion—just in case. However, any amount that is over and above the cost of the projects will be deposited in a separate building and maintenance fund to be used for future projects.

I thought asbestos is safe as long as it is not disturbed.

Why do we need to remove and replace ours?

There are a few different concerns with asbestos in our buildings, depending on the location. In the school, asbestos tiles remain in a few offices and classrooms in the front entrance area. These tiles have been covered with several layers of new tiles, which are now beginning to crack and warp, increasing the danger of exposing the asbestos. In the church, the asbestos is located around the air ducts. Because of this, we are unable to clean the air ducts or do any additional work on the HVAC system. Therefore, it is necessary to remove the asbestos in this area, as well.

WITH GRATITUDE FOR OUR GENEROUS DONORS.
